- Increased number of pupils participating in sports leadership and volunteering.
- Improved behaviour at break and lunchtimes
- Improved social, moral and cultural development

*For full details see Sports Premium Impact report 2015-16 (updated termly)*

### **Sustainability**

The activities of Seaton Valley Sports Partnership are focused on using the PE and Sport Premium wherever possible to create sustainable improvements in PE and School Sport across Seaton Valley:

- Upskilling Staff
  - opportunities to develop staff skills, knowledge and confidence
- Community Links
  - creating meaningful links between the schools and community clubs, where coaches deliver in schools, or children are taken to the club for School Games competitions
- Health & Well-Being
  - the development of Sports Leaders, skipping and hula-hooping have increased physical activity in school playgrounds. Schools have the resources necessary, with teachers able to deliver these programmes, creating sustainability for the future
- Partnership working
  - 7 schools work together, networking and sharing to help create the Seaton Valley Sports Partnership programme. We also work with Astley High School, creating a sustainable network of support for the schools.

Some of the activities, programmes and support we are able to provide with the Sport Premium would not be sustainable without further funding or passing on the costs to the pupils.

---
