

Dear Parents/Carers

As you may be aware in recent years we have invested in legionnaire style caps for the children and sun cream from sunsacks.com for when we are blessed with good weather.

The logo for sunsacks.com, featuring the text "SUNSACKS.COM" in a bold, multi-colored font (S: red, U: blue, N: green, S: yellow, A: red, C: blue, K: green, S: yellow, .: red, C: blue, O: green, M: yellow) set against a white background with a red border.

In 2005 Sunsacks set out to provide **simple solutions to sun safety**. Since then they've supplied thousands of creams, sun hats and dispensers to schools all over the country. Please check out their website as it holds valuable information for Parents and Schools and also provides you with the ingredients and details of the sun cream we use in school.

The children are given access to factor 30 suncream for use at play time and lunchtime. The children have been taught how to correctly apply it to themselves and are supervised by staff whilst they apply the cream to their arms, faces, ears and exposed skin. Along with wearing their legionnaires style hat (providing neck protection) we feel we are doing what we can to ensure the children's sun safety whilst in school. As I am sure you will appreciate it is neither possible for feasible to supervise 170 children bringing individual bottles of sun cream for their personal use, so hopefully we have come up with a suitable answer to a difficult problem during the Summer months.

We trust that you approve of the efforts, however should you wish for your child not to use the sun cream provided please contact school.

Many thanks
Mrs. S Brett
Head Teacher
